EGO SUPER

MONTENAPO

Built by the iconic Italian shipyard in 2010, highlighted by the contrast between the black coloured hull and black/cream superstructure.

A sleek, sporty yacht, performance is key to the Ego Super, overpowered by two twin 1.550 hp MAN engines, she can reach a top speed of 39 knots. The harmony of shape and elegance of space on the Ego Super, have been matched by means of a careful, in-depth study of each and every detail and solution.

Among the main new onboard features is the large hull glazing in the aft full-beam master cabin that lets in plenty of natural light and offers a magnificent view while cruising.

MONTENAPOLINO

RIVA EGO Super comfortably accommodates 4 guests in 2 en-suite cabins.

A full-beam master cabin with its large hull glazing bringing in plenty of natural light, as well as offering magnificent views while cruising and one VIP cabin with queen size bed, both with en-suite private services with shower.

Inside, you can enjoy entertaining friends in a beautiful and stylish setting, with a smart and functional layout carrying leather sofas and teak-veneered furniture. In typical Riva style, there is nothing spared in the attention to detail onboard; from her teak handrails to the curved cross strips on the passerelle grating, the sun awning incorporated over the head of the cockpit table means you can enjoy shade or sun at the touch of a button. It is these kinds of luxurious, personal touches that make the RIVA EGO Super special and unique.
